## ABOUT ME

I'm passionate and detail-oriented Frontend Developer and UI/UX Designer with a strong foundation in HTML, CSS, JavaScript, and ReactJS. I specialize in crafting clean, responsive, and user-friendly web interfaces that bring ideas to life. With hands-on experience in projects like the Online Car Rental System and Leave Management System, I've developed a keen eye for design, user experience, and seamless functionality.

## EDUCATION

2022 - 2025

Bachelor of Technology in Computer Engineering

Ganpat University

2019 - 2022

Diploma in Computer Engineering

Ganpat University

## ACADMIC PROJECT

2024 - 2025

Tonsorium Twits

Technicra IT Solution

The design and development of a responsive, user-friendly website for Tonsorium Twits, a barbershop and salon booking platform. Implemented features including real-time appointment scheduling, service listings, user account management, and an intuitive admin dashboard. Focused on optimizing user experience through clean UI/UX design.

2023 - 2024

Leave Management System

Ganpat University

Designed an intuitive frontend for a student leave application platform, ensuring seamless interaction with the system through clean layouts and responsive elements.

2022 - 2023

Online Car Rental System (2024)

Ganpat University

Built the frontend interface for a car rental system using HTML, CSS, and JavaScript. Focused on responsive design, user-friendly navigation, and integration with backend systems for a smooth user experience.
